

SOUND TECHNOLOGY

ENCORE

Reference Standard Full Range Loudspeaker System

Technology, Art and Craftsmanship come together to produce a loudspeaker system that not only sounds magnificent but looks it as well.

"The single most immediately impressive thing about the Encores is...well, just about everything!"
Australian Hi Fi

Vast experience as world leaders in hi-end loudspeaker design has driven Sonique to utilise the best components in a design that was modelled with sophisticated computer technology. Sonique has also invested endless hours of critical auditioning to develop the Encore which reaches new levels of Audio Excellence.

The timeless style and simple looks of this fine piece of audio furniture, houses a unique combination of leading technologies that recreates the musical experience as it was intended.

Just one look will tell you that Sonique has taken a unique approach with the Encore. And just one listen will tell you that this is a loudspeaker that sets new standards in music reproduction.
