SAV-3

Full range compact loudspeaker

The SAV-3 loudspeaker system is a full range compact design that ideally suits high quality Hi-Fi and AV systems, with a style that blends beautifully alongside Television and Video monitors, and is equally suitable for placement on shelves or stands to suit individual requirements.

Designed to be used as main front left and right speakers or as surround sound speakers where full range performance is demanded, without the need to take up valuable floor space.

The symmetrical design features high quality shielded drivers in a rigid cabinet design, with audiophile quality components as standard to provide superb sound reproduction that has become a hallmark of all Sonique loudspeakers.

A feature of the SAV-3 is its dynamic range, providing listeners with a level of performance that delivers a great sense of realism when viewing in surround sound or providing a totally involving stereo Hi-Fi performance.

Standard Features Include:

- Full magnetic shielding
- 18mm MDF cabinet
- Low noise ported enclosure
- High Quality Oxygen Free wiring
- Gold plated 3 way terminals
- Acoustically transparent grille cloth
- Ferro Fluid hi-tech tweeter
- Double Magnet Motor systems

"the finish of the SAV-3 is simply breathtaking....A precise and controlled yet natural sounding loudspeaker." DVD Now Magazine.
